# Welcome to EASTBOURNE YOUTH RADIO 2019

As Chair of the Eastbourne Education Business Partnership it gives me great pleasure in welcoming you to Eastbourne Youth Radio (EYR) 2019.

There are few projects which bring together so many schools, students, teachers and employers in the intense and fulfilling experience of 3 days of live radio broadcasting direct from the studios of our partner East Sussex College, Eastbourne Campus. Furthermore, EYR provides the whole Eastbourne community with a local project that they can feel a part of, with parents, grandparents and friends all tuning in to **87.7FM** or via **www.eyr.org.uk** to hear the programmes and contributions from their families and their schools.

EYR is also notable for its longevity and sustainability, and this year we celebrate the 19th year of the event, an achievement in itself, and testament to its value, popularity, and its ongoing relevance to the curriculum and personal development of students. This year, in excess of 1,200 individual students will be involved, representing schools and colleges across the area, supported by the sponsorship of around 40 businesses and other local organisations, a really wonderful example of the collaboration between education, commerce and the community.

And a note for your calendars and diaries: BFS (Big Futures Show), the town's largest employability, skills and jobs event, and another project of the Education Business Partnership, returns 28th April 2020 for the 5th year.

**Dr. Steven Goss-Turner**

Chair, Eastbourne Education Business Partnership

# ON AIR!

Eastbourne Youth Radio (EYR) returns to the airwaves for the 19th year from Wednesday 13th until Friday 15th November on **87.7FM** and online at **[www.eyr.org.uk](http://www.eyr.org.uk)**. Broadcast from studios at East Sussex College – Eastbourne, EYR sees students from local schools and other organizations, present over 50 hours of programmes. The students, aged from 5–19, present their radio shows covering a wide range of topics – much of it live. This year's broadcast coincides with several notable events. Namely; Anti-Bullying Week, Global Entrepreneurship Week, UK Parliament Week and finally, BBC Children in Need. We will be covering all of these during the packed 3-day schedule.

EYR is only made possible by the considerable support and involvement of the many businesses and organisations that are listed in the pages that follow. We are delighted to confirm East Sussex Fire & Rescue as lead sponsor for 2019 that will be featured on EYR's launch program and later in the schedule. We all know the brave and often very dangerous work that they do for us every day in our communities. As sponsor of EYR, they are well placed to speak to young people on a range of issues including road, water and home safety. East Sussex Fire and Rescue will also be promoting their cadet scheme that is being rolled out across East Sussex.

Working with Eastbourne's Youth and Community Safety Partnerships, EYR will be promoting Anti-Bullying Week and this year's theme, 'Change Starts With US'. We will also be looking at 'County Lines and Cuckooing' where vulnerable young people are being cajoled into selling drugs. Stephen Lloyd, prospective parliamentary candidate, will be hosting his 'Student Question Time' following UK Parliament Week and the team from Radio DGH will join us to talk about their invaluable work across the wards.

Southern Water is back in the studio to talk about our 'Unflushables'. The Observatory Science Centre will be talking all things science; St. Wilfrid's Hospice will be promoting their volunteering scheme; The Beacon will be getting us ready for Christmas shopping and The Royal Hippodrome Theatre will appear on our stage.

EYR was never about creating hundreds of radio 'presenters' but about enabling young people to research, produce, present and perform their own material in association with community partners for a family audience. From this they learn and develop a whole range of skills that they will find helpful in future life. We hope that you enjoy listening to their work over the three days.

## SPOTLIGHT ON:

# ANSWER BACK! & MEET THE MEDIA

**Answer Back!** (*Wednesday 13th November @ 6pm, sponsored by Eastbourne unLtd & EDEAL*) enables students to ask questions – and get answers on the issues important to them. EYR coincides with Anti-Bullying Week (theme 'Change Starts With Us'), UK Parliament Week and Global Entrepreneurship Week, so expect a wide range of topics for animated discussion by the panel to include, local community issues, mental health and wellbeing, post-BREXIT and more.

On the panel: Stephen Lloyd, Lib-Dem prospective parliamentary candidate for Eastbourne and Willingdon; Caroline Ansell, Conservative prospective parliamentary candidate; Cllr David Tutt, Leader of Eastbourne Borough Council; Katy Bourne, Sussex Police and Crime Commissioner; Stephen Holt, CEO of Eastbourne BID and Jessica MacKintosh, Student President at East Sussex College–Eastbourne.

Answer Back! was pre-recorded on Friday 8th November at The Eastbourne Academy with an audience of students from local schools and colleges.

**Meet the Media** (*Thursday 14th November @ 12pm, sponsored by East Sussex College – Eastbourne*) introduces the student audience to media professionals and lets them explore the many different aspects of the industry from broadcast journalism, to websites, PR, advertising and print. The face of the media has changed so much in recent years. What do the panel members think about journalism in 2019? What will jobs look like in the future? How has the internet and growth of social media transformed reporting? Why is radio still so important? Expect these questions and more!

The panel includes: Rik Scott, Voiceover Artist, Simon Jenkins, Senior Broadcast Journalist for BBC Sussex, Hanna Neter, Newsreader with Heart FM, Dan Gasser, DJ at Radio X and Lynsey Bartlett, Columnist with The Argus. See EYR website for details of final panel.

**Please note:** The **Answer Back!** and **Meet the Media** panels are correct at the time of going to press and may be subject to change.

## SPONSOR HEADLINES:

# EAST SUSSEX FIRE & RESCUE – PROUD TO SERVE THE COMMUNITIES OF EAST SUSSEX AND BRIGHTON & HOVE

East Sussex Fire & Rescue provide prevention, protection and response services to 829,340 people within the area of East Sussex and the City of Brighton & Hove.

We aim to prevent loss of life and injuries in our communities through the delivery of prevention and education programmes and protect our communities and the environment from fire and other risks. We work with local partners to run safety events and prevention campaigns and actively involve local communities wherever possible.

Early next year, we will be launching our Fire Cadets programme for 13 to 17 year olds to learn vital fire fighting techniques and life-saving skills. We also run annual Safe Drive Stay Alive events across East Sussex. Safe Drive Stay Alive is an educational experience that teaches young people not only the dangers but also the consequences of poor and dangerous driving.

## WORKING TOGETHER FOR SAFER COMMUNITIES

Eastbourne Borough Council and Lewes District Council work with partners to identify local issues that young people are passionate about, establish quality advice services, support and facilities that young people want and need. Our priorities for this year include tackling serious violence and the threat of violence/knife crime, and promoting safety across our roads, coasts and inland waterways.

In 2018, Eastbourne Youth Radio focused on County Lines and Cuckooing in conjunction with Eastbourne Youth Partnership. This will be repeated this year, along with a focus on issues around mental health and emotional wellbeing as part of 'Anti-Bullying Week' and the theme "Change Starts With You".

The local Community Safety Partnership welcomes the opportunity to sponsor Eastbourne Youth Radio and wishes this year's project great success.

# TOOLKIT FOR ANXIETY

Guided Parent – Delivered Cognitive Behavioural Therapy (GPD-CBT) is a new evidence based service designed to support parents of 7–12 year olds who are struggling to get help with their child’s anxiety.

The programme which is being offered through the charity, Anxiety UK, has been designed to help increase parents’ confidence and empower them to support their child.

Four one hour sessions are conducted with the parents face to face, by phone or web cam and two 15 minute sessions take place over the phone or via web cam.

Annabel Marriott is registered as an Anxiety UK (GPD-CBT) practitioner and will be joining pupils from Polegate School for their programme on Wednesday at 12pm to talk about the service. She works collaboratively with parents, providing them with strategies they can use at home to help their child overcome anxiety.

For further information and a leaflet please email [annabelfenmarriott@gmail.com](mailto:annabelfenmarriott@gmail.com)

## WEATHER UPDATES

A radio show isn’t complete without regular weather updates. Students will use weather monitoring equipment located at East Sussex College to help them provide hourly forecasts for listeners on EYR. Here’s hoping for some fine weather!

# EYR SHOW STORIES 2019

## Pupils from **Stone Cross Primary**

recently went to visit their sponsor, Stone Cross Nurseries, where they met the owner, Garry Winwood. He showed them around and answered any questions they had. The information they gathered will be used to help plan the sponsor section of their programme on EYR. The children will be promoting the individual parts at the nursery and presenting a 'top tips' feature centered around gardening tips plus 'Fishy Business' and how to best look after fish. They are also going to promote the 'Wellie Walk' based around the 12 days of Christmas that the nursery is holding in December for all of the family.

The **Haven Rangers** pictured below enjoying marshmallows at our afterschool environmental club. This year at Eastbourne Youth Radio we have interviews with Oliver Sterno – 'Plastic Free Eastbourne' and Stephen Lloyd, prospective parliamentary candidate, about our recent school community litter pick. Also 'The Day in a life of a vet' at Cobie VetCare, Eastbourne (our sponsors this year) and hopefully more exciting career opportunities for aspiring young individuals. We even have excellent drum playing and our school choir.

Hope you enjoy it!

# EAST SUSSEX COLLEGE: CHANGING THE FACE OF EDUCATION

Further Education is changing. There are more opportunities than ever before for students, and East Sussex College (ESC) is proud to be leading that change in the South East.

Students applying to college can still choose to study A-Levels, vocational qualifications or an apprenticeship. But from September 2020, they can also choose to study exciting new T-Level courses. The Department for Education has chosen ESC to be one of the first colleges to pilot T-Levels in the UK. The first three T-Level pathways available to study at ESC are Construction, Digital and Education. By 2023 there will be over 25 T-Level courses available.

Like A-Levels, T-Level courses are two years long, and a course is equivalent to three A-Level qualifications. Students have the chance to study one subject in detail, which is perfect if you know the industry you want to go into. T-Levels also include a 45-day industry placement, so students are effectively prepared for work in the roles employers need to fill! New T-Levels are a fantastic progression route into employment, an apprenticeship, or university.

For businesses, the college is looking to work with new employers big and small, to support students in their industry placement during their course. Please contact the college to find out more about T-Levels, whether you are a student or employer.

Vocational courses offered at ESC have also evolved. Pick up the brand new ESC course guide or view it online and you will see that courses now sit within 'families' – specialist pathways that will equip students with knowledge, skills and behaviours transferable to any specialism within that family. In brief, vocational courses are divided into pathways: Business & Service Industries; Construction, Engineering and Motor Vehicle; Creative, Digital, Performing Arts & Music; and Health, Care, Sport & Public Services.

East Sussex College is delighted to be leading this new change in further education and is excited for the opportunities it presents to both students and employers. For more information please visit [www.escg.ac.uk](http://www.escg.ac.uk) or come along to ESC Live! – Interactive Open Events (26th November in Eastbourne; 21st November and 10th December in Hastings and 5th December 2019 in Lewes).

Looking ahead:

## THE BIG FUTURES SHOW 2020

Eastbourne Education Business Partnership, the team responsible for EYR, will once again proudly present The BIG Futures Show (BFS) on 28th April in association with Eastbourne Borough Council.

This annual employability, skills and jobs event features over 90 exhibitors who provide an interactive and inspiring experience for students aged 14+ from across East Sussex together with their parents and the wider community. Partner sponsors NHS Health Education England, Bexhill College and The Best of Eastbourne plus exhibitors including, ESCC Careers Hub, Partners4Training, Metro Bank, University of Brighton, The People Matter Trust and Lush Safaris are already confirmed.

An important focus continues to be the link with the eight Gatsby Benchmarks that underpin the government's Careers Strategy. Visitors to BFS will receive a 32 page show guide and schools are provided with pre and post visit lesson plan materials. A jobs board and expert recruitment staff will be available for those seeking more immediate opportunities. For further information about BFS and on-line booking visit [www.bigfuturesshow.org.uk](http://www.bigfuturesshow.org.uk).
